Section 1 : General Provisions

1. ROLE

The CEV Supervisor is the highest authority representing the CEV during a competition, unless a CEV Jury President or CEV representative is attending the competition.

The CEV Supervisor needs to coordinate before and during the competition with the CEV Head Office and consults with other CEV assigned officials and CEV staff on site during a competition to ensure the best event delivery.

An Assistant Supervisor is assigned in events with multiple venues or in Age Group European Championships. The Assistant Supervisor will be operating under the guidance of the CEV Supervisor and will be his/her direct collaborator on site.

A CEV Candidate Supervisor may be assigned to some events to be evaluated by the acting CEV Supervisor as part of their educational process. The Candidate will be evaluated in the areas related to the competition system and event organisation in line with the instructions received by the Head Office. The evaluation will be forwarded to the CEV Head Office and presented in European Beach Volleyball Commission for final decision over his/her possible nomination as CEV Supervisor in the following season.

2. CEV SUPERVISOR DUTIES

The Supervisor must deal with a wide range of duties in all event delivery areas before and during the event.

To facilitate this work, the CEV Head Office is sharing a number of tools and platforms, including Master Plan documents, Online project management tools (Asana), direct communication platform (Slack), online Supervisors' platform (CEV Officials platform), online platform for checking the approved image & identity productions and event related documents (CEV Cloud) and online for data collection issues reporting (Genius Live Chat).

The key tasks list of a Supervisor comprises of:

- √ following up on the preparation of the event and the finalisation of the competition schedule in collaboration with the CEV Beach Volleyball Department,
- √ reviewing carefully the CEV Regulations / Guidelines / Official Communications, the Practical Information/Event Regulations documents, the officials forms & technical checklists and all relevant correspondences exchanged between the CEV and the Organisers, etc.,

- √ checking that the important deadlines are met according to the Master Plan and Timelines document,
- √ collecting from the CEV before the event all relevant information such as the Organiser Agreement and any amendments, etc.,
- √ collaborating closely with the Local Organisational Committee (LOC) upon arrival to set up action lists and timelines for the smooth event delivery,
- √ reporting to the CEV Head Office upon his/her arrival about the status of preparation of the event,
- √ following the Check lists for the respective event category that are annexed to this document,
- √ inspecting and checking the events' venue and all facilities throughout the competition,
- √ ensuring that the personnel involved in the event fulfils all assigned duties thoroughly and efficiently,
- √ organising daily briefing and debriefing sessions to discuss with the key LOC members the issues to be handled during the day (briefing) and the issues that occurred during the day (debriefing).
- √ coordinating with the CEV Referee Coach (if assigned) or the Local Referee Manager on all activities related to the referees, court personnel, etc.
- √ ensuring matches are played according to the FIVB Official Beach Volleyball Rules and that the competition is organised according to the CEV and FIVB regulatory frameworks,
- √ collaborating with the Technical Manager, Genius Sports Support and CEV Data Coordinator to ensure data collection for all tournament matches and ensure technical data collection software and data synchronization issues are communicated via [Genius Sports Live Chat](#),
- √ ensuring the sharing of information for the payment of prize money (if any) and checking the fulfilment of the LOC's financial obligations on site,
- √ controlling the accuracy of all information circulated to the Athletes through the CEV website and digital platforms or any info sheets produced on site,
- √ preparing together with the LOC and supervises the conduct of the event's Preliminary Inquiry and conducts the event's Technical Meeting (if organised)

Section 2 : Tasks

3. BEFORE RECEIVING AN OFFICIAL ASSIGNMENT

Before receiving an official assignment, a CEV Supervisor should:

- ✓ Check and update his/her availability on the CEV Database.
- ✓ Attend Supervisor seminars and/or refreshing courses when requested.

4. AFTER RECEIVING AN OFFICIAL ASSIGNMENT

After being appointed to a tournament, it is good practice to:

- ✓ Provide his up-to-date M-7 Health Certificate for Officials form
- ✓ Read the Supervisor Handbook.
- ✓ Download and update VIS app on his/her computer.
- ✓ Ask the CEV Beach Volleyball Department to receive the CEV Supervisors report of the previous year's event, if available (i.e. if the organiser is the same).
- ✓ Ask the CEV Beach Volleyball Department to receive the Event's Masterplan to check the status of it.
- ✓ Read the Inspection Visit report, if applicable.
- ✓ Check with the CEV Office the international travel arrangement. The CEV office or the LOC sends options for the Supervisor to review and then accept.
- ✓ Check the arrivals of the referees related to the Referee Clinic, the court check and the practical match.
- ✓ Log in the CEV Officials Platform to review the forms available for the specific assignments. Forms must be reviewed before and during the duration of the tournament. The CEV Beach Volleyball Department will send the appropriate links to access it.
- ✓ Start completing the checklists form which is available on the CEV Officials Platform 60 days prior the event.
- ✓ Install Slack on his/her mobile that will be used as a mean of communication with the CEV Head Office during the competition.
- ✓ Ensure you have an account on [the Genius Sports support platform](#). If you do not have one, please create one by following [the support article guidelines](#).
- ✓ Attend any online meetings organised by the CEV Beach Volleyball Department with the participation of the key LOC members

5. UPON ARRIVAL TO THE HOST CITY

When arriving to the host city of the tournament, it is good practice to:

- ✓ Check execution of airport pick-ups if planned.
- ✓ Check the Official hotel is in line with appropriate CEV standards.
- ✓ Inspect the courts and the general venue of the event. Remember to take pictures and/or videos to upload them on the CEV Officials platform, under the respective photo/video page.
- ✓ In case of actions needed to improve the venue and meet appropriate standards, please inform, and discuss with the organiser as soon as possible.
- ✓ Ensure to check the quality of the sand, including depth. Make sure the organiser has access to a rotavator (rotating machine). Schedule to have a meeting with LOC key staff (Tournament Director, Competition Director, Operational manager etc.) either on the arrival day or the following day in the morning.
- ✓ Schedule a general meeting with all members of the Organisational Chart to define and/or confirm a work plan and the daily competition as it is mentioned on the Technical Checklist of the CEV Supervisor platform.
- ✓ Ensure to have working user credentials for Volleyball Information System (VIS and Click & Scout Media).
- ✓ E-scoresheet match keys will be available once the matches are scheduled in VIS and synchronized with CEV WCM. The match keys will be accessible in the [CEV WCM](#). More information about match key usage can be found in the ["Opening the match part"](#) section.
- ✓ Ensure that the LOC provides these facilities if CEV confirmed that Sportradar scouts will attend the tournament:
 1. Free access to the venue;
 2. One seating position per match court, with good visibility, enabling data collection and access to a power supply;
 3. Access to Wi-Fi with a minimum upload and download speed of 20 Mb/s at the data collection position on every court.
- ✓ For the VIS, the Supervisor in collaboration to the LOC Technical Manager needs to make sure that the correct template for earned points and prize money are selected, calculate the seeding points on the day of the respective Preliminary Inquiry, load the relevant match schedule template, set the correct status of the tournament, update the matches and assign

- court and starting time, add referees. Once matches are published need to check that they are appearing in the E-scoresheet and Click & Scout applications.
- ✓ Check if medals (nowadays 3 per team -coach included and/or trophies have arrived.
 - ✓ Ensure match balls have arrived and are inflated according to [FIVB Official Beach Volleyball Rules](#).
 - ✓ Ensure a Technical Manager account creation and any other person following the competition management platform on [the Genius Sports support platform](#) by following [the support article guidelines](#). Inform data@cev.eu after the account(s) creation.
 - ✓ Ensure a high speed and stable internet connection [with a minimum speed of 10 Mb/s for both upload and download](#) are available for E-scoresheet (via LAN cable) and Click & Scout Media (via LAN cable or Wi-Fi) on each court. Ensure [E-scoresheet](#) and [Click & Scout Media](#) set up according to the Genius Sports standards on all devices. Check if the E-scoresheet and Click & Scout tables are set up correctly and properly working.
 - ✓ Finalize the venue homologation form (through the CEV Supervisor Platform, except for Zonal events, please use BV-13 form <https://inside.cev.eu/documents/beach-volleyball-documents/>) no later than 2 hours before the time of the first Preliminary Inquiry.
 - ✓ Make sure the court inspection checklist is completed before the homologation, following feedback from referee's inspection of the courts.
 - ✓ Check if the Local referees are listed in the FIVB VIS (on the event page) and approved by the ERC.
 - ✓ Conduct the Preliminary Inquiry(es) on the time announced through the competition official documents (Practical Info/Events Regulations) and collect any outstanding documents/information from the attending athletes, including phone/mail contact details.
 - ✓ Any TUE document shall be presented during the Preliminary Inquiry as following: the document must be deposited to the Supervisor in a sealed envelope and must be unsealed only in case of doping control.

6. DURING THE EVENT

During the event, it is good practice to:

- ✓ Conduct a daily meeting with all key staff and stakeholders to ensure the event is running smoothly and to ensure issues can be addressed promptly.

- ✓ Make sure to check and update daily the necessary forms in the CEV Officials platform.
- ✓ Upload the VIS sign-in sheet in the CEV Supervisors platform. Prototypes are to be sent to the CEV via mail within the Post event report.
- ✓ Begin filling out the Supervisor's report, starting on the first day of the event and finishing it upon completion of the awarding ceremony (at latest).
- ✓ If a tournament is stopped or cancelled, inform about this by explaining the reason via Slack and Live Chat. Also, update when it is planned to resume and when the tournament resumes.
- ✓ Update match information (time, teams, referees, etc.) in VIS as soon as possible because automatic data synchronization to other systems can take up to 30 minutes.
- ✓ E-Scoresheet sends results and the scoresheet back to VIS within up to 15 minutes after the match is finalized. If an issue occurs, report it on the Live Chat.
- ✓ Entering a match result manually in VIS if a match was not finalized with E-scoresheet or result is not synchronising and not working. Please report such cases on the Live Chat, providing detailed match score.
- ✓ Coordinate broadcasting matters with the TV Coordinator on site or the CEV TV & Digital department.
- ✓ Coordinate with the local Press Director or the CEV Media Delegate (if appointed) to ensure smooth running of the local and international press operations and with the local or CEV Photographer (if appointed) to ensure delivery of expected footage on time.

7. AFTER THE EVENT

After the conclusion of the event, it is good practice to:

- ✓ Ensure that the VIS status is set to finished and the world ranking points/prize money distribution is updated.
- ✓ Organise a meeting at the end of the tournament between the local organiser the National Volleyball Federation's Delegate and any CEV Officials and staff on site (if assigned) to discuss the report of the event.
- ✓ Make sure you have all necessary information sent to CEV.

Section 3 : Weather conditions & Force Majeure

8. AUTHORITY AND CONDUCT

The CEV Supervisor has the authority to suspend the competition if the weather conditions or other Force Majeure causes have a direct impact on the tournament, until normal conditions are re-established.

- ✔ In case of light or moderate rain, tournaments will not be stopped or cancelled. Play should only be suspended in case of thunder and/or lightnings in the area(s) where the event is being held. Tournaments may be subject to postponement, rescheduling, short delays or cancelled altogether in the case of inclement weather forecast (thunderstorms, hurricanes, flooding and other dangerous conditions).

- ✔ Lightning and inclement weather protocol:

All participants team staff, spectators, staff and volunteers must immediately evacuate the beach and go to cars or indoor facilities and DO NOT SEEK SHELTER UNDER TREES.

To resume play, the area(s) must be free of lightnings for at least **30** minutes.

- i* The CEV Supervisor can stop a match or the event for if they feel the presence of a threat to athletes' and/or spectators' physical well-being (e.g. severe weather conditions, storm, earthquake, high tides, riot, national state of emergency, war, or any other case of "force majeure"). Before taking such a decision, the CEV Supervisor must consult with the LOC and inform the CEV Head Office accordingly.

- i* Cases from the [Beach Volleyball Casebook](#):

During heavy rain, both Captains request the 1st referee to stop play, how this situation should be handled?

In Beach Volleyball the decision to stop playing is made by the Tournament Organising Committee. (Supervisor/TD, National Federation Delegate and Tournament Director).

Only if they are unavailable and the referee foresees a significant danger to the players from lightning or sudden wind gusts, he/she can stop playing and ask the players to go to their time out areas.

Section 4 : Awarding Ceremony

9. GENERAL PRINCIPLES

Awarding ceremony is part of each CEV Beach Volleyball event and serves to celebrate the winning teams and the conclusion of the tournament.

Each person playing a role in the awarding ceremony must be aware of their responsibilities and the timing of their involvement. Producing a schedule including the names of dignitaries and the script for the announcer is compulsory.

10. REQUIREMENTS - MATERIAL

Prepare the following material for the Awarding Ceremony

- ✓ Three (3) podiums: 1st Place (1.50m long x 0.60m wide x 0.70m high), 2nd Place (1.50m x 0.60m x 0.55m high) and 3rd Place (1.50m x 0.60m x 0.40m high). Dimensions may change for different event categories where more athletes or the coach is also on the podium.
- ✓ Three (3) removable poles, minimum of 8 m high, (or mobile hangers) and the national flags for the winners. A led screen/video screen can also be used for this task. All European NF flags are presented in the CEV Cloud: [05 Flags | CEV Cloud](#)
- ✓ Set of medals for the winners. Medals (3 per team) are supplied by the CEV.
- ✓ An awards table to display medals and prizes.
- ✓ Awards/ trophies provided by the LOC and presented by the dignitaries.
- ✓ National anthem of the winning team. All National anthems are available in the [CEV Cloud](#),
- ✓ A set of clean athletes' tank tops for the winners preferably of the same colour as used during the final matches.
- ✓ Rope and poles to cordon off the photographers' area.
- ✓ Optional: One (1) awarding backdrop
- ✓ Optional: Two (2) (red) carpets.

11. REQUIREMENTS - PERSONNEL

LOC to organise the following personnel for the Awarding Ceremony

- ✓ Master of Ceremony with a perfect command of English and the local language
- ✓ Announcer with a perfect command of English and the local language

- ✓ Hosts
- ✓ Chief of protocol to coordinate dignitaries
- ✓ Court Manager and court staff to remove sport equipment and set awarding material
- ✓ Security staff ensuring media people stay in their designated area
- ✓ One person responsible for directing the winning teams to the holding area and for providing them with the new tops
- ✓ The CEV mascot; (if available)
- ✓ Entertainment staff during the set-up of the awards ceremony material
- ✓ Officials, staff and volunteers may be lined up around the competition area

12. REHEARSAL

A full rehearsal should be held the day preceding the awarding ceremony. All personnel involved in the Awarding Ceremony should be part of the rehearsal.

CEV Delegate, CEV Staff on site, CEV TV Coordinator and the HTVB Director should be part of the rehearsal.

All options for the anthems must be prepared in advance. The hoisting of the flags must be rehearsed at least one day before the awarding ceremony.

13. AWARDING CEREMONY

Awarding Ceremony is held on the centre court immediately after the last whistle of the final match.

- ✓ Participation at the awarding ceremony is compulsory for the 1st, 2nd and 3rd place teams and athletes shall be fined by the CEV for arriving late or leaving the host city without a written authorization from the CEV.

The awarding ceremony should be held in the local official language and in English.

During the awarding ceremony the National Anthem of the NF of the winning team will be played.

Before the final match:

- ✓ Master of Ceremony checks that all the necessary material is ready.
- ✓ Court Manager ensures the personnel dismantles the sport equipment and set up the awarding ceremony material.
- ✓ CEV Supervisor checks the clean tank tops/tops for the athletes of the three teams.

- √ Court Manager checks that the masts (or mobile hangers) are in the right position and work properly.
- √ PR Director distributes the updated schedule with the list of dignitaries presenting the awards.

After the final match:

- √ Immediately after the Gold Medal Match final whistle and the athletes leave the playing area, the announcer informs the audience that the awarding ceremony is about to take place and asks spectators to remain in their seats: *"Ladies and Gentlemen, please remain in your seats; we will shortly begin the Awards and Closing Ceremony for this CEV Event (name) Tournament Title + Year"*. Court Manager and court personnel implement the following actions:
 - o Dismantle and remove poles, net, referee's chair and umbrellas in the timeout areas.
 - o Position the red carpets and the three podiums facing the VIP tribune (position can change if agreed).
 - o Position the table on which medals, trophies, and awards are displayed.
 - o Set up the three (3) poles if not already in place.
 - o Arrange ropes to define the area reserved for photographers.
 - o Lower the ropes of the masts to properly fix the flags (or lower the mobile hangers to a reachable height)
- √ Security staff members allow media in the designated area.
- √ Court personnel fix the flags of the first three countries at the foot of the three masts as follows: (a) flag of the first placed team in the centre (highest mast), (b) flag of the second placed team to the right of the winners' podium, (c) flag of the third placed team to the left of the winners' podium.
- √ Hosts make their entrance.
 - o Athletes of the three (3) winning teams march in according to the order of their respective podium positions.
 - o The dignitaries march in and stop on the red carpet to the side of the podium.
 - o The athletes must wear clean tank tops/tops and no accessories or uniform items other than those authorized for the competition must be worn, except for the athlete's own country flag.

Start of the ceremony:

- √ Master of Ceremonies checks that all personnel, athletes, dignitaries, etc. and the materials are in place.
- √ If everything is ready, they authorise the start of the ceremony.

- √ Throughout the whole presentation, the Chief of Protocol remains on the red carpet with the other VIPs so that he can verify that the right people are performing their duties.
- √ The Assistant Chief of Protocol standing near the awards table is responsible for checking that the right cups/trophies, medals and awards are presented.

i If coaches are taking part in the awarding ceremony:

Coaches should be informed about their attendance requirement in the awarding ceremony during the Preliminary Inquiry and/or during the Technical Meeting.

- √ Organisers and CEV Supervisor should check if there are medals for coaches.
- √ Coaches should be informed of dress code and awarding ceremony procedure.
- √ Coaches are to be together with the team behind the podium. Players and coaches' step on the podium together with the players as they are announced.
- √ Coaches receive medals together with the players. Coaches should be involved in the official photographs.

Section 8 : Data Collection

24. COMPETITION MANAGEMENT STRUCTURE

✓ VIS - Volleyball Information System

All Beach Competitions are primarily managed in and through the VIS

✓ Match State Platform (MSP) - Genius Sports:

To have the matches available for E-scoresheet, sportsbook and broadcasting partners, data must be pushed to the MSP

✓ CEV WCM - Web Competition Manager:

Manages data synchronization between VIS and MSP databases, shares data with www.cev.eu, and makes matches available for Click & Scout Media

✓ E-scoresheet and Click & Scout Media (C&S Media):

All matches should be scouted with both data collection tools simultaneously

✓ E-scoresheet - official match data and results collection software

✓ C&S Media: players and teams' statistics collection software

✓ Technical Manager

Ensures functionality and correct use of all necessary devices such as VIS, E-scoresheet and C&S Media. Secures correct data synchronization between all different systems

24.1 Data Collection - VIS

✓ All competition data is created in VIS and synchronized to CEV WCM & MSP databases

✓ Update to the latest match information (time, teams, referees, etc.) as soon as possible because automatic data synchronization to MSP takes up to 30 minutes

✓ E-scoresheet sends results and scoresheet back from the MSP through CEV WCM to VIS up to 15 minutes after the match is finalized.

✓ Avoid changing the tournament match template because it requires manual work for match data changes in the CEV WCM. If you must change the template, report via Live Chat as soon as possible by mentioning the tournament gender

✓ After Preliminary Inquiry matches were added in VIS, make sure to inform CEV and Genius Sports via the Live Chat - <https://helpdesk.geniussports.com/>

✓ Print out the Scoresheet from the E-scoresheet or VIS

24.2 Data Collection CEV WCM

✓ CEV WCM manages all data synchronizations

✓ www.cev.eu uses data from CEV WCM

✓ CEV WCM data can be checked on www.cev.eu

- ✓ C&S Media uses and sends data to CEV WCM

24.3 Data Collection – Match State Platform

- ✓ E-scoresheet takes and sends match data from Stats Engine
- ✓ CEV partners take competition data directly from MSP
- ✓ Only Genius Sports and the CEV Data Coordinator can see data on MSP

24.4 Match Data collection – E-scoresheet

- ✓ Laptops need to have Windows 10 and 11 (Android and MacBook are not supported) and meet other [minimum requirements.](#),
- ✓ Laptops should be connected to the Internet via LAN cable from start until match is finalized
- ✓ Devices should have a high speed and stable internet connection via LAN cable (underage completions can use Wi-Fi) [with a minimum speed of 10 Mb/s for both upload and download](#) is available
- ✓ [The latest version of E-scoresheet](#) should be updated a day before the start of the tournament
- ✓ Every single match should be opened by using unique match key by taking from [Match Key area.](#)
- ✓ Match should be opened and finalized on site at the court. The match should be finalized within 5 minutes after the end of the match.
- ✓ Devices need sufficient power: Either being connected to a charger or swapped out for a fully charged device
- ✓ The LED box cannot be connected

24.5 Match Data collection – Click & Scout Media

- ✓ Laptops need to have the Windows 8.1 or higher version (Android and MacBook are not supported) [and meet other minimum requirements.](#)
- ✓ Devices should have a high speed and stable internet connection via LAN cable or Wi-Fi [with a minimum speed of 10 Mb/s for both upload and download](#)
- ✓ [The latest version of C&S Media](#) should be updated a day before the start of the tournament
- ✓ All devices should be checked if [the New Trial Match](#) opens without any issue a day before the start of the tournament
- ✓ The match should be opened and finalized on site at the court
- ✓ Devices need sufficient power: Either being connected to a charger or swapped out for a fully charged device
- ✓ The LED box cannot be connected

24.6 Demo videos

- ✓ [E-scoresheet – demonstration video](#)

- ✓ [Click&Scout Media - demonstration video](#)

24.7 Live Chat

- ✓ [Live Chat](#) on <https://helpdesk.geniussports.com/>during a competition:
- ✓ [Create](#) an account and inform data@cev.eu
- ✓ Works on a laptop and a phone browser
- ✓ The chat includes Supervisor Technical Manager, Genius Sports support, and CEV Data Coordinator
- ✓ Available -2 and +1 days from the competition dates
- ✓ Be precise - write an application name, a match name/teams and time, and add screenshots for all issue

Section 9 : Competition Operations

25. COMPETITION & DISCIPLINARY RELATED TOPICS

Specific competition related operations and info to consider:

25.1 Free zone

The free zone is indicated by the FIVB Rules of the Game. In Futures and age group tournaments it can be accepted to squeeze the side court sizes due to natural environment and physical obstructions. Instead of 5 meters free zone a minimum of 3 zone can be accepted for the side courts

Futures distribution list: [Documents and Forms | CEV Cloud](#)

25.2 Table concerning withdraw fee:

After 4:00 PM Luxembourg time, 3 days before the start of the Preliminary Inquiry, the withdrawal fee amounts to: (add a table)

CEV Competition	Withdrawal fee
CEV Age Group Beach Volleyball European Championships	QT 100 €
CEV Age Group Beach Volleyball European Championships	MD 200 €
CEV EuroBeachVolley	1,000 €
Futures QT	100 \$
Futures MD	200 \$

i For Volleyball Word Futures in Europe fines are due to be entered in the VIS as following:

After 16:00 CET Friday the week before the start of tournament, up to the start of the Preliminary Inquiry of Qualification Tournament (where applicable) or Main Draw tournament Teams can submit the BVB/03 form (withdrawal request) or BVB/04 form (change of athlete request) to CEV / FIVB to withdraw or change team composition. However, a monetary fine will be applied as follows, regardless of the reason.

- Main Draw of Futures tournament USD 200 per athlete
- Qualification Tournament of Futures tournament USD 100 per athlete

i For CEV fill in the adequate form and send it to CEV and through mail plus upload it in the CEV Supervisors platform

25.3 Table concerning a protest:

i In a CEV Competition deposit of 300 Euros shall be paid for any protest raised.

When the protest is rejected on the merits or on the form, the party which lodged the protest shall pay a fee according to the following table:

CEV competition	Protest fee	
	In figures	In letters
CEV Beach Volleyball European Championship - CEV EuroBeachVolley	500 €	Five hundred Euros
CEV Beach Volleyball Nations Cup Final	500 €	Five hundred Euros
Other CEV competitions	250 €	Two hundred and fifty Euros

When the protest is done during a match on a Side court, the amounts stated in the above table are reduced by half.

During a CEV competition, when there are several protests from the same Team, the amount of the fee is the double of the amount of the previous protest.

Actions:

- First tell the player that a protest in CEV competitions cost money.
- Tell and show him the amount of money and then ask if he want to continue the protest.

On court disputes, shall be resolved in accordance with the FIVB Regulations with relevance to Protest Protocol directives and the sanction fee scale below:

i For Volleyball Word Futures in Europe:

- A progressive fee is applied (USD 500 for the first time at a given tournament, with a minimum of USD 1,000 for the second time and doubling after that) where the Protest Protocol is judged as "Rejected" by the FIVB Referee Coach or FIVB Technical Delegate if the Referee Coach is not assigned to the tournament. If this occurs on Centre Court a USD 1,000 fee will apply for the first instance, with a minimum of USD 2,500 for the second and doubling after that. The same fees shall apply in any situation where the first Referee, by calling the FIVB Referee Coach or Technical Delegate onto the court, gives a sequence to a protest not meeting the criteria.
- After a Level 2 protest has been officially recorded on the score sheet at the end of the match, all arguments must be presented in writing to the FIVB Technical Delegate no later than 30 minutes after the end of the match and accompanied by a deposit of USD 1,000 (USD 2,500 for any incidents taking place on Centre Court). A final verdict will be given by the Organising Committee no later than 2 hours after the protests have been submitted, or at the latest before the start of the matches eventually affected by the outcome of the procedure. Organising Committee members of the same nationality as the team making a protest will be excluded from the deliberations. The decision is final and no appeals will be granted.
