Scenario: In a pool of 4 teams, three teams end up tied on match points. To determine the ranking (1st, 2nd, and 3rd) among these three, what is the first criterion applied?

- a. The seeding established at the Preliminary Inquiry.
- b. The rally points ratio calculated only from the matches played between the three tied teams.
- c. The rally points ratio calculated from matches between all teams in the pool
- d. A drawing of lots conducted by the CEV Supervisor

14. Withdrawal Replacement Policy

Scenario: In an Age Group Championship, a Main Draw team withdraws due to injury after the Qualification Tournament has finished but before the Main Draw begins. How is the empty spot filled?

- a. The spot is given to the highest-seeded team on the Reserve List
- b. The spot remains empty, and the opponent in the first round receives a "bye".
- c. A draw is conducted between all the losers of the last Qualification round
- d. A draw is conducted between the 2 highest ranked teams of the losers of the Qualification tournament

15. Medical Timeouts vs. Recovery Interruptions

Scenario: During a match, a player feels dizzy due to extreme heat. They request a Medical Timeout (MTO). How should the referee proceed?

- a. Grant the MTO immediately, as heatstroke is a medical emergency.
- b. Deny the MTO, as MTOs are exclusively for significant blood-related injuries, and assign a Recovery Interruption (RIT) instead.
- c. Allow the player five minutes to rest, but issue a yellow card for delay.
- d. Grant the MTO only if the opposing team captain agrees.

16. Referee Alcohol Testing

Scenario: The Medical Doctor informs the Technical Delegate / Supervisor that a referee underwent a breath analysis 45 minutes before their match, and the result shows an alcohol level of 0.08 mg/L. What is the outcome?

- a. The referee is immediately replaced and sanctioned
- b. A second test is conducted after 15 minutes; if it remains 0.08 mg/L, they are replaced
- c. The referee is allowed to officiate because the level is below the prohibited limit
- d. The referee is allowed to officiate but must pay a fine.

17. Uniform Rules (Long Sleeves)

Scenario: It is a windy day. Player A of a men's team wants to wear long sleeves and long tight pants (leggings), but their partner, Player B, prefers to play in the standard tank top and shorts. Is this permitted?

- a. No, both players must wear the exact same cut and length of uniform
- b. Yes, provided that the long sleeves/pants are the same color as the partner's uniform
- c. Yes, but only if they have a medical certificate proving skin sensitivity
- d. No, long sleeves are only permitted if the temperature drops below 15°C

18. What would you do if a coach enters the field of play with a tablet and/or hearing device?

According to the latest edition of the Coaching Regulations no electronic devices are allowed to be carried in the field of play by the Coach.
